

STORAGEREADY

YOUR CENTRALIZED STORAGE OBSERVABILITY SOLUTION

AVOID FINES, OPTIMIZE COSTS, AUTOMATE EFFICIENCY

THE PROBLEM

Costly Risks and Inefficiencies in Storage Management

Enterprises face mounting challenges in storage management:

- **Compliance Risks:** Data breaches and fines for GDPR, HIPAA, or DORA violations.
- **CAPEX Waste:** Overprovisioning inflates storage budgets by 20–30%.
- **OPEX Overheads:** Manual processes drive up labor costs.
- **Downtime Costs:** System outages cause financial losses and damage brand reputation.

Without unified observability, enterprises risk financial losses and regulatory penalties.

THE SOLUTION

StorageReady transforms storage management with:

- **Centralized Visibility:** Unified view of on-premises and hybrid cloud storage.
- **Actionable Insights:** Precise forecasting to optimize storage investments.
- **Automated Workflows:** Streamlines provisioning, compliance, and recovery tasks.
- **Proactive Risk Management:** Real-time monitoring to prevent breaches and fines.

KEY BENEFITS

- **Avoid Compliance Risks and Fines:** Prevent breaches and fines with universal monitoring and audit-ready reports.
- **Optimize CAPEX:** Reduces overprovisioning by 10–20%.
- **Reduce OPEX:** Automates tasks, saving 15% annually in labor.
